INTRODUCTION.

WITH the Catalogue in their hands, the admirers of good Coins and Medals, will hardly look to the preface for information concerning its contents; yet, rather in conformity to custom, than for any useful purpose, the writer begs to offer a few suggestions.

The large number of Fine Crowns, will attract the attention of the reader, as well as the extraordinary fullness and quality of the Medals in the American Department of the Collection. The Colonials are not wanting in fine and rare examples, and the same may be said of the Mint Series, in which the Half-Cent of 1796 appears with several rare patterns.

The number of English Coins is not large, but the Cromwell Series, and Crown of Elizabeth, are unusually fine.

In a word, it is an interesting collection, the sale of which will afford amateurs another opportunity for the exercise of their favorite pursuit, and a pleasant exchange of greetings at CLINTON HALL.

New York, September 4th, 1873.

	762	1804.	Fine; and if a genuine original dollar of this date, very valuable. There being some controversy on this point, it is due to the owner to say that he proposes personally to offer proof of its authenticity, and to guaranty the same to the purchaser. This assurance from the very responsible owner, and the right of private judgment, which in such a case will always be exercised, reduces the affair to a sufficiently fine point, and there we will leave it.

(Note.) In highly unfavorable contrast with this copious reverse is the general character of the Continental coins in regard to perspicuity. They give us too often only a string of single letters, leaving us to

infer, according to our leisure or skill, the name of the Prince, the value of the coin, the nation for whose convenience it was issued, and the date; but most of all, in the dark concerning the signification of the mass of symbols with which the metal is enriched.

Royal 8vo, 362 pp., with 254 Engravings of all the Jewish Coins mentioned in the Bible, and struck by the Jewish Princes and Foreign Rulers of Palestine. Hf. morocco, gilt top, uncut. London, 1864

There has hitherto been no comprehensive English work on this extremely attractive subject—"The Jewish Coinage"—which forms a very important Pillar of the Historical Truth of the Bible. Orthodox Christians and Sceptics alike, will do well to read and refer to this unbiassed work, which states and illustrates numerous Biblical Events with the utmost impartiality. The Designs of the Coins were made by Mr. Fairholt from the Coins themselves, chiefly in the British Museum.

SERIES OF COIN CATALOGUES FROM 1855 TO 1869.

NOTE. This is undoubtedly the most complete and valuable series ever offered for sale. It numbers 150 distinct titles, bound in uniform style and size (the smaller ones being extended), and in most instances the thickness increased by an indefinite addition of blank leaves, bound in half turkey morocco, marbled paper; titles in gold on the back. The names and prices have been written in by a careful and accurate hand.
